## A Blue-Chip Portfolio of Dividend-Paying Companies

Hartford Equity Income Fund offers investors growth potential by investing in blue-chip companies with above-average dividends and the potential for future dividend increases.

### Dividends Are a Sign of Strength

We believe companies that initiate or consistently grow their dividends display confidence in the future health of their companies and a commitment to their shareholders. As of June 30, 2018, the Fund's holdings included household names such as JP Morgan Chase and Johnson & Johnson.

### We Use a Disciplined Stock Selection Process

We look for companies that meet the following criteria:

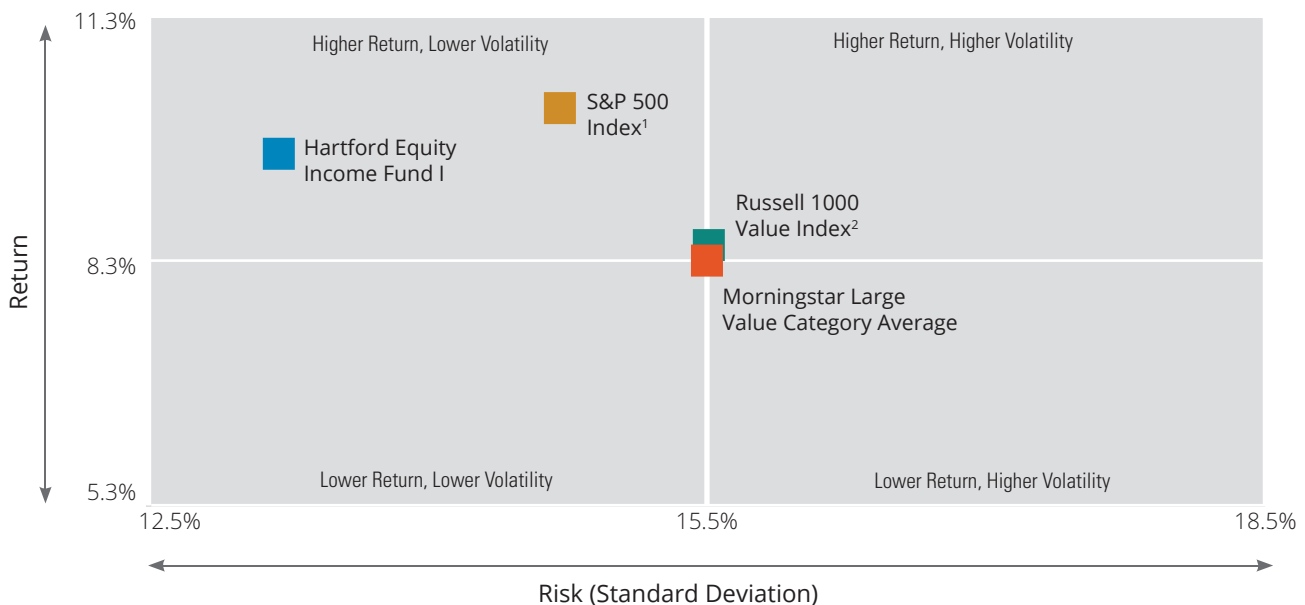

1. Sustainable and/or growing dividends (or plans to initiate a dividend)
2. Strong balance sheets
3. Reasonable valuations
4. Temporarily out of favor
5. Strong management teams

### Experience and Resources Can Give Us an Edge

The Fund is managed by senior portfolio manager, Mike Reckmeyer, who has more than 30 years of professional experience. He's backed by a large and experienced team of dedicated analysts and the full resources of sub-adviser Wellington Management.
